One of the single girls from work came to the office one morning and began passing out candy bars all tied up with blue ribbons.

When asked what the occasion was, she joyfully announced,

"It's a boy! Six feet tall, 200 pounds!"

And then she proudly displayed a diamond solitaire on her left ring finger.

Two guys are out hiking. All of a sudden, a bear starts chasing them. They climb a tree, but the bear starts climbing up the tree after them. The first guy gets his sneakers out of his knapsack and starts putting them on. The second guy says, "What are you doing? He says, "I figure when the bear gets close to us, we'll jump down and make a run for it." The second guy says, "Are you crazy? You can't outrun a bear." The first guy says, "I don't have to outrun the bear... I only have to outrun you."

A second grader came home from school and said to her mother, "Mom, guess what? We learned how to make babies today." The mother, more than a little surprised, tried to keep her cool. "That's interesting," she said, "How do you make babies?" "It's simple," replied the girl. "You just change 'y' to 'i' and add 'es'."

Two caterpillars are sitting on a leaf when a butterfly zooms by, startling them. One turns to the other and says, "Boy, you'll never get ME up in one of those things."

Driving home after working late the other day, I was stopped by a police officer for speeding. I explained that I was rushing home to be with my wife on our first anniversary, which was the truth. However, instead of being let off with a warning, the officer said "Congratulations!" and then proceeded to write out the ticket. As he handed it to me, he said, "The first year is paper, right?"

While attending a marriage seminar on communication, Jim and his wife listened to the instructor declare:

"It is essential that husbands and wives know the things that are important to each other."

He addressed the men: "For instance, gentlemen, can you name your wife's favorite flower?"

Jim leaned over, touched his wife's arm gently and whispered, "Pillsbury All-Purpose, isn't it?"

A baby boy and a baby girl were in a hospital nursery. The boy looks at the girl and says, "I'm a boy and you're a girl."

"How do you know?" asks the girl.

"Wait until the nurse leaves the room and I'll show you."

A few minutes later the nurse leaves. The boy raises his gown and says, "See! blue booties."

An old man was relaxing at his hundredth birthday party when a reporter went up to him.

"Sir, what is the secret of your long life?"

The man considered this for a moment, then replied,

"Every day at 9 PM I have a glass of port. Good for the heart I've heard."

The reporter replied, "That's ALL?"

The man smiled,

"That, and cancelling my voyage on the Titanic."

A middle management executive has to take on some sport, by his doctor's orders, so he decides to play tennis. After a couple of weeks his secretary asks him how he's doing.

"It's going fine", the manager says.  
"When I'm on the court and I see the ball speeding towards me my brain immediately says, 'To the corner! Back hand! To the net! Smash! Go back!'"

"Really? What happens then?" the secretary asks.

"Then my body says, 'Who? Me? Don't talk nonsense!'"
